- Safety checking vehicles / equipment
- Manoeuvring vehicles in open and confined areas
- Manoeuvring forwards / reverse
- Coupling / un-coupling articulated tractor / trailer combinations
- Safe working practices theoretical session
- Safety film
- Practical skills assessment
- Course feedback

How should attend :-

- People within companies who need to move large vehicles around sites without the need of training drivers to LGV standard

Length of course :-

- 1 day for testing existing operators – 3 candidates
- For new operators length of course will depend on the complexity of the operation and type of vehicle.

Venue :-

- Your premises

Note: Courses can include vehicle loading/securing of loads using a variety of methods. Please contact us with your requirements.

Non LGV drivers can only be used on private property, and where there is no public access.

Please contact us to discuss your requirements. We also advise you to consult your insurance company prior to undertaking this training.

Course duration will depend on the experience of the delegates, the complexity of the operation, and the type of vehicle.
